Item No	Dimensions	Weight	Cart Capacity	List Price	MATRA PRICE
70194	40"H x 28"W x 66"D	182 lbs	750 lbs	\$2495	\$1896
70196	10"H x 20"W x 22.5"D	41 lbs	750 lbs	\$205	\$155
70197	33"H x 28"W x 29"D	54 lbs	750 lbs	\$275	\$209
70198	48"H x 28"W x 66"D	47 lbs	750 lbs	\$345	\$262

Built with you in mind.

Our carts come fully assembled

All Overland carts come fully assembled, fully charged and ready to use. All you have to do is open the crate and drive the cart away.

We designed our carts to be simple to operate:

- To turn on, pull the red On/Off switch out towards you.
- Toggle the black switch for forward and reverse.
- Grasp and twist the throttle.
- To turn the cart off, simply push the red button in.

Safety Features

- **Emergency Stop** – The red E-Stop button allows the user to immediately stop the progress of the cart.
- **AutoLock** – Automatically locks the wheels when the throttle is not being applied. This feature prevents the cart from rolling away from the user and also provides easy loading and unloading on inclines.
- **HillSense** – Allows the cart to be used safely on inclines and declines. The cart will travel at the speed set by the user, not by the incline or decline.
- **SmoothStart** – On acceleration, power is applied to the drive tires in a controlled manner ensuring a smooth start each time.
- **Four Wheel Design** – All Overland carts have at least four wheels to provide maximum stability.

Free Wheel Mode

If the battery runs out, the cart can be manually pushed the rest of the way home.

They've been tested (again and again)

The standard 12 amp-hr rechargeable battery packs have been extensively tested. We are confident to rate the batteries with a 6-8 hour expected run time.

- Exceptional quality and service on every product.
- Professional grade designs by in house engineers.
- Industry leading warranties.
- Family owned and operated in the USA.

MADE IN THE USA GUARANTEE

Our American made products are engineered, manufactured and assembled in Archbold, OH using USA made steel.
