

Granite Industries 2021 Surcharge

The last 12 months have been quite challenging for nearly every industry. Through it all, we are thankful for all of our customers who have stuck by us. We are excited for the future and continue to improve our products to provide you with the best possible product at the best possible price.

As many of you are aware, raw material costs have been increasing exponentially and the overseas tariffs have remained in place. We have been absorbing the increased costs for quite a while but with the prices continuing to rise we have been forced to go to a surcharge. **Effective May 1, 2021, there will be an 8% surcharge on scaffolding and staging products. There will also be a 5% surcharge on all American Cart and Overland Cart products.** We hope to remove the surcharge as soon as component costs level out. If you have any questions regarding the surcharge please contact us either via email (support@graniteind.com) or via phone (877-447-2648).

Best regards,

Matt Wyse
President/CEO
