

Not your ordinary 4' Scaffold.

The Snappy Jr. scaffold is like no other 4' scaffold you've seen before. Engineered and manufactured with top quality care and components, this scaffolding is built to last. The Snappy is set apart by its "Snappy" operation. A spring loaded G-Pin allows for quick, yet safe adjustments. Simply pull out on the pin, adjust to the appropriate height and release the pin. This operation is user friendly and secure. It stays locked in location, except when released for adjustment.

Features

Adjustable Heights - The scaffold is has adjustments every 2" to ensure the perfect height for each application.

Easy of Use - Adjustments are simple and can quickly be done.

Convenience - Designed to fit through a standard 28" doorway or stair well. When using the Snappy Jr on stairs, simply remove the casters and adjust the heights accordingly.

Heavy Duty Decks - The decks are made from 1/2" plywood.

Spring Loaded Clips - These clips were developed to lock in the walkboard. It allows for safer operation and quicker setup and tear down.

Locking Casters - All 4 casters lock, providing an extremely secure and stable platform.

It is the ideal work platform for:

Electricians
Painters
Maintenance personnel
Schools, Hospitals
Office Buildings
Home Owners
Plus many more!
